

Shout Outs & Celebrations!

Quality Award for Grey Bruce Health Services Stroke Care!

Congratulations to Owen Sound's Code Stroke Project Team for winning the "Outstanding Team Achievement" Quality Award. The Code Stroke project represented a tremendous amount of work with positive outcomes for patients and staff as well as being an innovative example of the positive results that can be achieved when we all work together.

Each year Grey Bruce Health Services requests submissions for Quality Awards for Outstanding Team Achievement. A group representing the Code Stroke project received this award on June 6th. Teams were selected on their ability to quantify how their initiative went above and beyond to improve the quality of care and services provided to patients and staff. A selection committee comprised of staff working in a wide variety of departments and services scores the submissions. Teams had to demonstrate the alignment between their projects and Grey Bruce Health Services Corporate Values (CARE and LEAD) as well as the organizations four Strategic Directions:

- Achieve the best outcomes
- Create positive experiences
- Secure our future and Inspire passion in our people

The Code Stroke project represented a tremendous amount of work with positive outcomes for patients and staff as well as being an innovative example of the positive results we can achieve when we all work together. A video was created to highlight the work of the Code Stroke team. <https://gbhsweb.gbin.local/gbhs-2019-quality-award-videos>

Community Stroke Rehabilitation Teams Celebrate 10-year Anniversary

On Wednesday June 5th, 2019 the South West LHINs Community Stroke Rehabilitation Teams joined together for their annual Staff Enhancement Day. This year marked the teams 10 year anniversary of providing best practice community stroke care across the region. Over 45 team members from the Grey Bruce, Huron Perth and Thames Valley teams attended the event, held in Stratford at The Parlour Inn.

Thank you for supporting Stroke Month in June!

Thank you to all of our partners who completed numerous activities to promote stroke awareness and raise funds in support of Heart and Stroke.

SWOSN led a number of activities including hosting Stroke Month Educational Booths, a very successful bake sale, a Rheo Thompson Mint Smoothie campaign and an energetic team of riders for Heart and Stroke Big Bike (great job, Team Clotbusters!) Thank-you to everyone who helped support Stroke Month!
